Cafeteria

We are currently creating a new lunch program for our students.

HG Culinary Services has partnered with Assumption School to provide a quality lunch program.

THE HOSPITALITY GROUP was founded by David Hanon with the mission of serving real, fresh food in our schools. This year we are proud to serve area private schools healthy, balanced, high-quality meals all within a family budget.

Menus can be found to the right hand side of the screen under Cafeteria Information.

As soon as the online option becomes available to deposit lunch money and check balances parents will be notified.
